

Contents Volume 126

- 1 A remembrance of Bridge Cooke, 1908–1992
John W. Rippon, Emeritus Editor-in-Chief
- 3 Evaluation of three serological tests for detection of anti-candidal antibodies in diagnosis of invasive candidiasis
A. Chakrabarti, P. Roy, D. Kumar, B.K. Sharma, K.S. Chugh & D. Panigrahi
- 9 Sequential pathological studies in the udder of goats intramammarily infected with *Aspergillus fumigatus*
P.C. Mandal & P.P. Gupta
- 15 In vitro studies on the effects of fungicides on beneficial fungi of peach twig mycoflora
A. De Cal, S. Pascual & P. Melgarejo
- 21 Mycoflora and aflatoxins in a West African corn-groundnut based convenience food
L.O. Adebajo & A.A. Idowu
- 27 Temporal and dose-response features in swine fed corn screenings contaminated with fumonisin mycotoxins
G.K. Motelin, W.M. Haschek, D.K. Ness, W.F. Hall, K.S. Harlin, D.J. Schaeffer & V.R. Beasley
- 41 IMI Descriptions of Fungi and Bacteria, Set 120, Nos 1191–1200
G. Hall
- 65 Olfactory mucosa response in guinea pigs following intranasal instillation with *Cryptococcus neoformans*: A histological and immunocytochemical study
C. Lima & J. Pratas Vital
- 75 Studies on the activity of *Kluyveromyces lactis* S-adenosylmethionine: Δ 24-sterol methyltransferase in presence of polyenic antifungal agents
H. Mukhtar, A. Hakkou & R. Bonaly
- 85 The in vitro susceptibility of *Fonsecaea pedrosoi* to activated macrophages
S. Rozental, C.S. Alviano & W. de Souza
- 93 Studies on the rust, *Maravalia cryptostegiae*, a potential biological control agent of rubber-vine weed, *Cryptostegia grandiflora* (Asclepiadaceae: Periplocoideae) in Australia, III: Host range
H.C. Evans & A.J. Tomley
- 109 Gliotoxin inhibits transformation and its cytotoxic to turkey peripheral blood lymphocytes
J.L. Richard, W.M. Peden & P.P. Williams
- 115 Changes in moisture content, mycoflora and aflatoxin content of rice bran during storage
P. Jayaraman & I. Kalyanasundaram
- 121 Mutagenic and membranal effect of a phytotoxic molecule isolated from olive leaves parasitized by the fungus
R. Yahiaoui, A. Guechi, E. Lukasova & L. Girre
- 131 First reported *Nocardia otlidiscavarium* infection in an AIDS patient in Italy
L. Castelli, H. Zlotnik, R. Ponti & V. Vidotto
- 137 Delayed-type hypersensitivity response in an isogenic murine model of paracoccidioidomycosis
R. dos Anjos Fazioli, L.M. Singer-Vermes, S.S. Kashino, E. Burger, M.F. De Franco, M. Moscardi-Bacchi & V.L.G. Calich
- 147 Clinico-pathological studies on experimental cryptococcal mastitis in goats
M. Singh, P.P. Gupta, J.S. Rana & S.K. Jand
- 157 Tinea Nigra: Report of four cases observed in Rio Grande do Sul (Brazil) and a review of Brazilian literature
L.C. Severo, M.C. Bassanesi & A.T. Londero
- 163 Effect of essential oil of *Hyssopus officinalis* on the lipid composition of *Aspergillus fumigatus*
B. Ghfir, J.L. Fonville, Y. Koulali, R. Ecalé & R. Dargent
- 169 Timing of appearance of versiconal hemiacetal acetate esterase and versiconal cyclase activity in cultures of *Aspergillus parasiticus*
J.A. Anderson & L.D. Green
- 173 Killer toxin secretion through the cell wall of the yeast *Pichia anomala*
J.-C. Cailliez, C. Cantelli, N. Séguy, S. Conti, M. Gerloni, G. Morace & L. Polonelli
- 179 Effect of water activity and temperature on Tenuazonic acid production by *Alternaria alternata* on sunflower seeds
M. Etcheverry, S. Chulze, A. Dalcero, E. Varsavsky & C. Magnoli
- 183 Mycoflora, and mycotoxins production in Nigerian corn and corn-based snacks
L.O. Adebajo, A.A. Idowu & O.O. Adesanya
- 193 Book reviews
N.P. Money / J.C. Broome & J.J. Marois
- 195 Volume Contents 126 / List of Contributors
